FOR THE

Division of Accounts

THE COMMONWEALTH OF MASSACHUSETTS

REPORT ON THE STATISTICS OF COUNTY FINANCES

Hon. Henry F. Long, Commissioner of Corporations and Taxation,
State House, Boston

Sir:- The form of this report is similar to those of recent years. The tables are prepared from sworn returns of the various county officers in accordance with Section 14, Chapter 35, General Laws. Detail of Suffolk county appears only in part, as the city of Boston pays all of Suffolk county expenses and the treasurer of the city is also the county treasurer. Receipts and expenditures of Suffolk county officials other than the treasurer, and advances by the county of Suffolk for court expenses and for jail and house of correction appear herein.

The consolidated analysis represents a summary of all tables, with duplications eliminated where they can be identified, and the usual tables are set up as follows:

- Table No. 1 - Returns of County Treasurers, except Suffolk.
- Table No. 2 - Returns of Clerks of Supreme and Superior Courts.
- Table No. 3 - Returns of Clerks of District and Municipal Courts.
- Table No. 4 - Returns of Trial Justices.
- Table No. 5 - Returns of Registers of Probate.
- Table No. 6 - Returns of Registers of Deeds.
- Table No. 7 - Returns of Recorder and Assistant Recorders of the Land Court.
- Table No. 8 - Returns of Sheriffs.
- Table No. 9 - Returns of Keepers of Jails and Masters of Houses of Correction.
- Table No. 10 - Returns of Probation Officers in Superior, District and Municipal Courts.
- Table No. 11 - Returns of Tuberculosis Hospitals.
- Table No. 12 - Returns of County Aid to Agriculture.
- Summary Table - Consolidation of Tables Nos. 1 to 12, inclusive.

Annual audits of the accounts of three hundred and one county officials are required and an audit was made of all offices before the end of February. Again I regret to state that shortages were found in a few of the offices. All such shortages were made good within the ten day

period permitted by Section 47, Chapter 35, General Laws. The fact remains, however, that some officials handling public funds conduct the business of the office they hold in a careless manner, which is entirely inexcusable. Officials connected with the courts are the chief offenders and from the very nature of their work they should keep themselves free from all criticism.

In last year's report, comment was made on the method of handling payments of suspended fines imposed by criminal courts, more particularly in reference to a standardized form of closing certain types of cases. Recommendation was made to the Administrative Committee of District Courts and as a result dockets have been cleared and the pending file reduced.

In previous reports, attention has been called to the handling of bills of previous years, payments of which are charged against the appropriation for "Unpaid Bills of Previous Years". These liabilities are for services rendered or supplies received prior to the closing of the treasurer's books, the bills for which are not received until after that time. It is regrettable that bills have been held over when an appropriation is exhausted and are charged to "Unpaid Bills of Previous Years". We feel this is entirely improper. A study of the tabulation below clearly shows that, had all charges been received prior to the closing of the treasurer's books, expenditures against each appropriation would have been larger and would more nearly show the true cost of each activity.

ANALYSIS OF CHARGES AGAINST 1941 APPROPRIATION FOR UNPAID BILLS OF PREVIOUS YEARS.

During 1941, installation of the new accounting system prescribed by this division has been made in two county treasurers' offices and others will be made in the near future. The treasurer of Barnstable county, Bruce K. Jerauld, in 1938 and 1939 installed the new accounting system in his county. The system is set up in such way that it can be easily changed to conform with changing conditions and more easily converted when the whole appropriation structure is revised.

The county funded debt as of January 1, 1942 was \$1,683,288.24 which is \$239,216.18 less than that outstanding January 1, 1941. The present outstanding debt is being reduced annually by taxation and will be entirely retired in 1951. There is also a contingent debt for construction of certain hospitals amounting to \$1,292,650.00 which is \$264,550.00 less than outstanding January 1, 1941 and is being retired by annual assessments against the hospital districts and will be entirely paid off in 1953. This, however, does not include temporary loans for maintenance of tuberculosis hospitals which are annually recurrent in anticipation of assessment.

The County Personnel Board has been unusually active because of the appropriation by the Legislature of a sum for a resurvey. The board has visited every county and almost every county office and institution. Due to war conditions there has been an unprecedented turnover in employment,

especially in the hospitals. This complicates the survey and make difficult for the board to arrive at conclusions. It is hoped, however, that the results of this survey and a revised salary scale may soon be published.

Respectfully submitted,

THEODORE N. WADDELL,

Director of Accounts
